

Animation theology (Intel. Design with Animation)

In the beginning God was alone. God wanted to create. God designed and animated the electrons, and then the molecules, and then the eARTH. God next designed the NATURE of each creature and animated them. God designed and animated the MATH of all things. God is that intimate in the details of all motion and thought. If God's Mind stopped animating us into existence we would vanish.

"You shall not have other gods beside me. You shall not make for yourself an idol."

Exodus 20:3-4

"God saw that it was good."

Genesis 1:12,25,31

Take the following "Final Exam" and figure out why I do not like the "stigmata." It is a "miracle" without honest purpose. Hence, it is a "test." And for that I am sorry that I had a wound that was used with tongues to promote false Christian doctrine. Because God animates all motion and thought, there is no "redeemer(s)." There are no "atonements" and no "co-redemers." There is only God animates.

There have been psychologists and a psychiatrist who called me "stigmatist." I have spoken with my psychologist case manager in detail about the stigmata wound in the video. There have also been psychiatrists who call "stigmata" a "schizophrenia," and "speaking in tongues" is to them "claiming to be Jesus." Ridiculous!

Rethinking God: Restoring the Nature of God to Right Side Up. (c) 2017

Intro: For most of your life you have probably taken what you were taught about God for granted. It is time to rethink what you learned. The most basic and first command is to "have no other god" than the true God, and therefore to "make no strange(idol) god." It is important that ~~that~~ we honor and worship the true Nature of God, not a strange and idolatrous false nature of God. As example, God animates (authors, writes, scripts, draws) all motion and thought. When that is understood, true doctrine comes into real focus.

About this exam: If you can write a full page about each of the following exam questions, you have carefully thought about the Nature and Name shape of God. I have scanned this "Final Exam" as a handwritten document to prevent alteration.

The Ten Commandments: Part 1

"You shall not have other gods beside me. You shall not make for yourself an idol"

Exodus 20:3-4

FINAL EXAM (c) 2017

6

- 1. God is not "Almighty" because God cannot will God's own death. God cannot cause God to cease to exist. God will continue to exist as long as the force of nature that created God continues.
- 2. God is not "Eternal" because God exists because of a force of natural law that created God. God had a beginning. God also may have an end someday (not as likely).
- 3. God is not "Infinite" because (1) God had a beginning, and (2) God has a definite size and shape. No living Being is "Infinite." God exists in a space large, but not infinite. It has an exact size. God ~~has~~ a small size compared to it. The force of nature that created God dictates that God is round.
- 4. God is not "Spirit." God cannot create "spiritual" because spirit cannot exist, ~~because~~ God has definite body, ~~name~~ shape and size, and pixels → Round (R-o-u-n-d) →

God animates (draws and writes, Authors) all motion and thought. That is how God "creates." God draws on the pixels of God's mind. We are animations.

5. God cannot "create" because God is alone and only able to do what is consistent with God's immovable nature, which is to mental image drawings ~~using~~ the pixels of God's mind. Only God was "created," all else is "animations." God is the Author (Drawer and Writer) of our existence.
6. There is nothing "spiritual" because God is not "Spirit," and God cannot create "spiritual souls." Spirit would have no definite body. It cannot be designed. Our body is our sole (soul) proprietary copyright existence. All "spiritual" is hoax. It is as fests. There are no ghosts. There are no spirits. There are no spiritual souls. There are no angels. All those are hoaxes, tests of our honesty.

8. There is no "spiritualized heaven," there is only "the New Earth." See Scripture. There cannot exist both "heaven" and the "New Earth."
9. There is no "resurrection of our soul," there is only "resurrection of our body" on the New Earth. Our body is our definite designed name shape, our ~~soul~~^{only} (sole) (soul) proprietary copyright existence.
10. God cannot be drawn. God draws. God cannot be "Incarnate." The Drawer cannot be drawn. All "incarnations" are hoaxes. They are idolatries, idol worship.
11. There is no real "free will" for any animated (drawn and written) "creatures." Only God has free will. All else is animated by God's mind. We are authored by God.
12. There is only God's Law to guide us, in examples the Ten Commandments.

13. God is not "outside of time." Instead, God exists bound by linear space time.
14. God cannot "foresee the future." Rather, God can know what God wants to write (author, draw) in the future, and then scripts (authors, writes, draws) that future in linear space time to give the appearance God "knows the future," when God does not actually foresee the future.
15. God cannot create "overlapping Physics."
16. God cannot create "tangential dimensions." There are no overlapping nor tangential worlds, universes nor realities. All is bound by space time restrictions.
17. All Lodge sees and hears and feels are hoaxes. And there are no "bilocations."

Because God animates (authors, writes, draws) all we think and do (all thoughts and motion) there cannot be "free will," only simulated free will. Thus there cannot be "redeemer." For the same reason there cannot be "atonements."

There are no "co-redeemers."

- Because there cannot exist any "redeemer," nor "co-redeemers," there also cannot exist "cooperation with the redeemer."
- God was alone in the beginning, and had to animate to have "others." This would include animating (authoring, writing, drawing) any "son." A "son" would have no more "free will" than you or me. A "son," because he would be animated, could not be "one in being" with God.

There is no "trinity."

22. God draws all creatures. Thus God draws all flesh. We are animations of God's mind. God cannot become flesh.
23. God cannot eat flesh, nor can God be eaten.
24. There is no "consubstantial." No "overlapping physics."
25. There is no "transubstantial."
26. There is no "spiritual indwelling."
27. There is no "baptism." Because God authors (animates, writes, draws) all we think and do, there is no "atonements," nor is there "washing free of sin."
28. Moreover, there cannot exist "infant baptism." Infants do not have "covenant mental maturity" ("age of reason").
29. There are no "sacraments."

30. There is only Covenant (contract) law.
31. God offers the Ten Commandments, and we accept those commands.
[Actually, God draws (animates, authors, writes) us to accept those Ten Commandments.]
32. Marriage is a specialized contract (covenant). It must be intended and fully accepted (full mutual consent) to each and all of its natural law terms as authored and offered by God, or it is invalid (null).
33. God cannot "marry the people."
34. There is no "divine bridegroom." No "divine husband."
35. On the New Earth ("resurrection of our bodies [soul, soul]) there will be no "miracles." All will be drawn by God to obey the natural law of physics, and moral natural law.

36. When God draws "tests" ("hoaxes"), God writes the true nature of the thing or creature in reverse or "opposite" of its true nature. As example, we discussed the true nature of God as ① having a beginning, and being ② definite size and name/shape and ③ bound by time and space, and ④ being unable to move, having exact symmetry of pixels comprising God's mind with which God animates (draws, authors, writes) all existence. Therefore, a false "deity" would be the "opposite" of that above nature, and would be wrongly: "Infinite, having no definite shape or size, and all powerful, able to be Incarnate." That later false definition of God is a "hoax deity."
37. When God writes "opposite" of a creature's nature, God cartoons. Only when God draws a creature obey the natural law does God respect that creature as "real."
38. Jesus is hoax, a cartoon "deity."

39. Agreeing to the Covenant (Contract) of the Ten Commands and all God's laws requires full consent (agreement) to each letter of the law, not only the segments out of context you like.

Leviticus 19:15-18 provides better statutory context to the four corners of the Contract (covenant) to "love your neighbor." It rebukes the minimalist fracturing of the law into a whimpy false love.

"Do not pervert justice; do not show partiality to the poor or favoritism to the powerful, but judge your neighbor fairly (equitably, honestly)."

"Do not spread slander among your people."

"Do not do anything that endangers your neighbor's life. I am the LORD."

"Do not hate your brother in your heart. Rebuke your neighbor frankly so you will not share in his guilt."

"Do not seek revenge or bear a grudge against one of your people, but love your neighbor as yourself. I am the LORD."

A whimpy "all loving" Jesus is a cartoon.

40. There are many "translations" of the Bible. Honest translations, not translations you 'prefer' are required to make the contract agreement. Example: In the NAB, Leviticus 19:17 is translated "Rebuke (reprove) your neighbor openly so that you do not incur sin because of that person." Notice in the preceding example, another Bible has it "Rebuke your neighbor frankly... These are to be read consistent, not attempted to be altered so that you turn one of them into what you want it to mean, instead of what its intent was originally.

41. "Peace to men of goodwill" is not the same as the pagan alteration of "peace and good will to men."

42. God forbid slavery. As throughout history we see the "news" altered or misrepresented by media, so also the same political forces made alterations to scriptures when scribed or copied, or when oral traditions spread them.

One example of the "role reversing" of sacred legal texts to alter them in "mirror games" of Lodge is how Exodus 20:8-10 is mirror game altered (negated) by Exodus 21:2.

"Six days you may labor and do all your work, but the seventh day you shall be free from work for pay." mirror game text:

* When you purchase a Hebrew slave, he is to serve you for six years ("days" in the above), but in the seventh year ("days") he shall be set free without pay."

3. In addition, the term "servant" was at times altered to "slave" in texts.
4. No person can make (agrees to, consent) the Covenant (contract) who believes in slavery or abortion.
5. No person can make the covenant (contract) who believes in adultery, or fornication.
6. Scripture was mirror game altered by scribes of Lodge to have Abraham sluttting his wife Sarah to an Egyptian overlord, and to Lot sleeping with his daughters. Those are pagan apocryphal texts.

47. Abram (Abraham) shutting his wife to the Egyptian is a cartoon.
48. Lot sleeping with his daughters is also a cartoon.
49. Jesus speaking adult language "at the time of birth" in the Koran is a cartoon.
50. The Bible and Koran have many cartoony texts and alterations.
51. There are no angels. Any time a "religion" begins with the "apparition of an angel," we know without any doubt it is a hoax religion.
52. There is need of a Bible Commission to weed out the apocrophal cartoon texts that were used to mirror after the real laws of God and the true history of God's people.

Summary: "Spiritual LI~~E~~E"

1. All things "spiritual" are hoaxes. God is not "spirit" as people think of "spirit." God has definite body, comprised of pixels equidistant, and cannot move, nor swirl into shapes. Spirit does not exist, and cannot be designed. The *sole ("soul") of a person is their body. There is no "spiritual" "heaven," only "the New Earth" which is where our bodies will be at the resurrection (redrawing) of ^{our} bodies.
2. God intelligently designs then animates (draws, writes) the existence of each creature, including man. God also draws (animates, writes) certain evils against the natural law of the intelligently designed creatures, which serve to prove God's intelligent natural law designs. As example, fornication leads to contraception, which leads to abortion, which leads to cannibalism. The result of those evils drawn is that God proves His original natural law design that forbids premarital sex (fornication), and forbids all contraception, and forbids abortion, and forbids cannibalism.
3. Marriage defined (authored) by God exists (a) between a man and woman only, and (b) to procreate life. Hence, explain how "tests" against (opposite of) human nature are "homosexuality" and "abortion." You cannot make the covenant if you tolerate homosexuals or abortion.

4. Because there is not designable "spirit, spiritual" "realm," and because your body is your sole (soul) proprietary copyright existence, explain why all "ghosts" are hoaxes God uses to test us.
- All "hauntings" or "haunted houses" are tests to see if we will obey Ten Commands or instead turn to "spirits." God draws those hoaxes (tests).
5. God animates (draws, writes) all within God's mind, including all weather. Throughout scripture God threatens to punish sinful lands with "natural disasters" of major weather events, and earthquakes Noah, Moses, Isaiah, Elijah, Jeremiah, Ezekial all foretold God's punishments of sin through weather.
- Sometimes the names of the storms can be read: Katri-Na, and I-R-MA (Am-R-I). You cannot make the Covenant (Contract of Ten Commands) unless you agree with God's warnings that "God will punish sinful lands with ravaging storms, hurricanes, droughts, famine, floods, and hail."
6. God designed (authored, drew, wrote) the skin colors of the people. We cannot make the Covenant (Contract of Ten Commands) unless we honor all colors as "created equal by God." We must also honor the reasons why God separated peoples by skin color, and each color should take pride in their unique ancestry and heritage. However, the Ten Command Covenant (Contract) requires that we have just anger "at and rebuke" any race that let its people vote 80% against life and abort babies at higher rates.
