1-o-r-dei The shape of God is round.

God has a definite shape: "O"

Thus God has a definite size.

Hence God is not 'infinite.'

Wherefore HE is not a 'trinity.'

The false dogma of a 'triune
three person god' depends on its
claim that God is 'infinite,'
which is not possible.

God only exists because HE has
a definite size and shape.

Nothing 'infinite' exists.

Mirror Games

Negative images are false-gods.

Truth: 0 = "E" Negative = "3"

God is Single Person.

The false-god is "3 persons."

There cannot exist '3 persons that are one same being.' It is a "test."

Other mirror opposites:

$E \neq 3$ $E \neq M$ $E \neq W$

The name Jesus is shape \llcorner (w)
as a mirror false-god name.

There is no 'trinity.' No \overline{w} .

The number of a 'second person
of a trinity' is " $\overline{3}_3$ " = .666
multiplied by a "multitude" =
.666 \times 1,000 = 666 = Jesus

Electron Theology:

The Drawer cannot draw Himself.

He draws all atomic particles,
but He cannot draw Himself to
be an electron that He draws.

Thus God cannot become an electron.

Hence He cannot become 'incarnate'
as an electron body, and cannot
then become an 'incarnate' dog
nor cat, nor therefore a human.

God draws all the universe.

He draws all, but all He draws
cannot be Himself.

There is no such thing as an
'incarnation.' It is always a
"blasphemy" to claim to be 'God.'
Belief in Jesus is "idolatry."

New Earth vs. 'Spirit' Heaven:

You are an animated bodily human.

God can only make you in the afterlife as your bodily "self."

God cannot draw 'spirits' as they are not designable "others."

'Spirits' would have no definite mechanical body nor variables sufficient to be a created "other."

And because God authors and animates all motions and thoughts, a system of "reward"/"punishment" of "heaven" and "hell" is unjust.

If 'heaven' existed, all there would surely know God is "unjustly" punishing some in 'hell.' That would be an unjust heaven.

Instead God must repent and create us bodily on the new earth.

Required To Be A Valid "Jew":
(Excommunication Clauses)

"For whoever eats leavened bread
(during Passover week) will be cut
off from Israel. ... for anyone ...
who eats leavened food will be
cut off from the community
of Israel." Exodus 12:15-19

"For whoever does any of these
abominations (abortion,
adultery, or homosexuality)
shall be cut off from the people."
Leviticus 18:29, 30-32

The second of those "cut off"
(excommunication) commands
is required more as God's
moral law. Those who disobey
those laws are not validly "Jews"

Centuries Old Hearsay, Alterations,
folklores, and fabrications:

Genesis to Deuteronomy were
written down centuries after the
lives of those in those books.
The writer(s) place the writing
at a "today" centuries after Lot
when his descendants became the
"Moabites" and "Ammonites."

Genesis 19:36-38

"See, (My law) has been changed
into falsehood by the lying pen
of the scribes! ... prophet and
priest, all practice fraud."

Jeremiah 8:7-10

"Yes, I am against those who
compose their own speeches and
call them oracles..." Jer 23:31-32

The Bible was not written by the
men its writings are attributed to.

Centuries Old Hearsay (Part Two):

Alterations written long after Moses that are blatantly inconsistent and not compatible with God:

1. Alleged 'laws' allowing slavery.
2. 'Consecration of all firstborn.'
3. 'Animal sacrifice'/'burnt offerings'
4. Mutilation of the male foreskin against God's intelligent design (Circumcision violates nature law).
5. Abraham slutting his wife Sarah to the Egyptian Pharaoh and again to the King of Gerar in Genesis 12 and Genesis 20.
6. Lot having sex with his daughters in drunken incest in Genesis 19.
7. Noah drunk and naked seen by one of his sons who Noah 'curses because he saw him naked' in Genesis 9:20-27.
8. Jacob and the 'hairy man' trick in Genesis 27 is plain evil folklore.

Metaphysics (Be, or Not Be):

God repeatedly said He would
"harden Pharaoh's heart" to draw
Pharaoh "not let the Jews go free."
Exodus 4:21; 9:12; 10:20; 11:10.

Did Pharaoh have 'free-will'?

The answer is "No." God drew his
evil refusals to set the Jews free,
thus God decided and determined
what Pharaoh's 'actions' were.

Did Pharaoh then metaphysically
'exist'? The answer is "No."

God decided/pre-determined
his 'actions' instead of honor
Pharaoh's 'free-will' software.

Hence, can God send Pharaoh to
"Hell" because of the 'actions'
God drew as predetermined?

Metaphysics (Part Two):

If God designs a male robot's hardware (body) and software (mind), then God inputs as 'data' the lies that 'God is an infinite square' and 'the earth is flat,' does the 'robot' then metaphysically exist?

The answer is "No." It became drawn a fake-robot (fake-body) cartoon, and not the robot's real "person."

If God draws the male robot do acts contrary to its intelligent designed nature, then does the 'robot' exist? Again, the answer is "No."

If God draws the male robot think it is a female 'robot,' then does the 'robot' exist, or is it a cartoon? The answer is it is a "cartoon" fake-body, and not the real robot.

The Definition of "Human":

To be a member of the human specie you must be the full genetic lineage of Adam and Eve by conservation of matter/conservation of genetics.

Any alleged "virgin conception" (or "virgin birth") would not be the full lineage of Adam and Eve because there is no sperm of a human male. Thus the offspring is not a "human." Nor can it be 'God incarnate,' as God cannot draw Himself.

Jesus claimed to be 'God incarnate' by 'virgin birth,' which would make Jesus a blasphemer and also not a "human."

God could not have supplied the sperm of a human male by alleged 'divine insemination' because that is evil, as is 'virgin conception' evil.

"Judge, or You Share in their guilt."

The true God commanded: "You shall not act dishonestly in rendering judgment. ... but judge your neighbor justly. ... Reprove your neighbor openly so that you do not share in their guilt." Leviticus 19:15-17.

Jesus taught the opposite of God:

"Stop judging, that you may not be judged. For as you judge, so will you be judged..." Matthew 7:1-2.

The 'devil' realized that it could steal the world from God by making a false-god that is "more lenient, more forgiving, more non-judgmental than God." He knew he could not steal the world with overt evil, but could do so with 'false-love' of 'judge not your neighbor,' thus by 'lowering the standards.'

God was "formed," had a beginning:

God cannot cause Himself to stop existing. He is therefore bound in existence by forces of nature that He does not control in His world.

Those primal forces of natural physics exist independent of Him and before Him. They "formed" Him.

God therefore is not 'infinite' because forces of physics exist independent of Him and outside of Him. Hence God is not a 'trinity.' He is Single Divine Person.

He had a beginning, but will have no end. He is now bound in existence for as long as those forces of primal physics continue, thus forever.

"I am he. Before me no god was formed, and after me there shall be none." Isaiah 43:10.

Mental Imagery Animation:

Law of physics: Only one thing can occupy a single space. God occupies the full space in which God exists. Nothing else can exist in God's space.

Thus God has to mental imagery animate (author) all His created atomic particles, universe, and creatures. That is how God must create. We are animations.

Fact: The primal physics forces that "formed" God and hold Him bound in existence would rip apart and disintegrate any other objects near Him, if those existed. God can only create by mental imagery animation. We exist only in God's Mind. He authors our existence.

"Simulation of Free-Will"

"I know, Lord, that no one chooses their way, nor determines their course nor directs their own step."

Jeremiah 10:23

Because God must mental imagery animate (author) to create, we do not have actual "free-will," but the "simulation of free-will" much like an artificially intelligent robot has a math, nature, software program that dictates what God draws it do. As long as God obeys your hardware (body) and software (mind) nature, then you math (metaphysically) exist. But if God ignores your software and draws acts against your body nature, then you do not math exist.

God's Contractual Covenant of Laws:

"Today you have accepted the Lord's agreement (to obey all His laws)... And today the Lord has accepted your agreement: you will be a people specially His own ... you will obey all His commandments..."
Deuteronomy 26:16-19.

"Be careful to observe the entire law which Moses my servant enjoined on you. ... this book of law ... observe all that is written in it." Joshua 1:1-9.

"For whoever does any of these abominations shall be cut off from the people." Leviticus 18:29.

God requires contractual agreement to all His laws to be validly His Covenant people. Consanguinity means nothing. The agreement is all.

God Draws Miracles For False-gods To "TEST":

"If there arises in your midst a prophet or a dreamer who promises you a sign or wonder, saying, 'Let us go after other gods,' ... and the sign or wonder comes to pass, do not listen to the words of that prophet or that dreamer, for the Lord, your God, is testing you..."

Deuteronomy 13:2-4

"As for the prophet, if he speaks deceiving words, I the Lord am the one who deceives that prophet."

Ezekiel 14:9.

Miracles do not prove anything, as God warned He would "test" us with miracles done for false-gods and false-prophets. Instead, consistent logic and God's laws must guide you; not miracles. All denominations claim 'miracles.'

God Exists Bound By Linear Time:

God was "formed" by primal forces of physics that He cannot alter. He is bound in linear space and time.

God is bound in time; and time is not bound by God. He cannot alter time. There are no other 'time dimensions.' There is only one single universe (uni-verse).

God cannot invent 'tangential' nor 'overlapping' worlds either.

Nor are there any 'worm-holes' nor 'time warps.' Gravity alone prevents any other 'tangential' or 'overlapping' worlds. The cult that promotes such lies in movies or on television is evil. They hate the true God.

God Does Not 'Foresee' The Future:

God tells us in Isaiah how He foretells what He will thereafter draw/write.

"At the beginning I declared the outcome; from of old, things not yet done. I say my plan shall stand, I accomplish my every desire.... Yes, I have spoken, I will accomplish it; I have planned it, and I will do it."

Isaiah 46:8-11.

"I announced them; then suddenly I took action and they came to be."

Isaiah 48:3

God does not 'foresee the future.'
He is bound in linear space time.
But He "plans" what He will draw in the future, then later He draws it come true as foretold.
This is also proof of no 'free-will.'

The Single Person Nature Of God:

God exist because of primal forces of physics that "formed" Him. He therefore cannot be 'infinite.' Thus He is a Single Person. There cannot exist any alleged 'trinity.' God is an electrical Being who can only think and mental imagery draw in His Mind. He cannot move, but is stationary. He is not 'spirit' as people commonly think about 'spirit,' which cannot exist. God's Mind is His Body, and He has equilibrium density. He does not lose entropy/energy. His only way to "create" is by mental imagery animation, thus by authoring His creatures.

There Is No 'In Proxy' Redeemer:

First, because God animates (authors) all our motion and thought, there is only "simulated free-will," and thus there cannot be any 'redeemer.'

Second, contract law prevents any 'in proxy' or 'substitute' performance. God's contractual agreement Covenant requires personal duty to agree to obey all God's laws and actual personal performance of that required obedience. There is not allowed some third party to 'substitute' their acts 'in proxy' for your failure to perform the duties of God's contractual agreement Covenant. Thus there cannot be any 'redeemer.'

No 'In Proxy Redeemer' (Part Two):

In addition, if you breach the contractual agreement Covenant by disobeying one of its laws, it is broken/terminated. There is no 'in proxy redeemer' acts that can validly re-contract the Covenant agreement for you.

Rather, you must re-contract it yourself by first proving you have become trustworthy with "contractual capacity" able to faithfully obey all its laws. That takes time and effort.

There is no 'magic presto' acts, words, nor 'absolutions' that suddenly re-make the Contract Covenant validly for you. There cannot exist any 'redeemer.'
